Portfolio	jdhiraj-462.github.io/portfolio
Nationality	Indian

PROFESSIONAL SUMMARY

Computer Science and Engineering undergraduate at Sandip University with academic research experience in Artificial Intelligence (AI), Machine Learning (ML), Deep Learning and intelligent computing systems. Co-author of 13 conference papers covering deep learning, medical image compression, explainable AI, reinforcement learning, quantum computing and AI governance, including a Best Paper Award at CITIC 2026. Hands-on experience in Python programming, data preprocessing, feature engineering and predictive modelling through a machine learning project built with Scikit-learn and Flask. Currently Associate Head – Research & Development at XIERF, supporting research collaboration, literature review and technical documentation. Areas of interest include Green AI, energy-efficient AI, federated learning, intelligent healthcare systems and sustainable computing.

EDUCATION

Sep 2023 – Jun 2027 (Expected)

Bachelor of Technology (B.Tech.) – Computer Science & Engineering

Sandip University, Nashik, Maharashtra, India

Cumulative CGPA: 7.8/10 (through Semester 6 of 8)

Semester-wise SGPA: Sem 1: 7.90 | Sem 2: 7.79 | Sem 3: 7.33 | Sem 4: 7.86 | Sem 5: 8.00 | Sem 6: 7.95

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Software Engineering, Theory of Computation, Business Analytics and Operations Management.

EXPERIENCE

Sep 2026 – Present

Associate Head – Research & Development, XIERF

Part-time

- Coordinate interdisciplinary research projects and academic collaborations across multiple subject areas.
- Support research planning, literature review, manuscript preparation and technical documentation.
- Facilitate research collaboration and communication among academic contributors and project teams.

Sep 2025 – Present

Independent Researcher

- Conduct literature reviews and technical analysis on applications of Artificial Intelligence, Machine Learning and intelligent computing systems.
- Co-author conference papers on deep learning, explainable AI, reinforcement learning and intelligent systems (see Research Publications).
- Apply research methodology to problem formulation, comparative analysis and academic writing for manuscripts.

Sep 2025 – Jun 2026

Operations Trainee, Mind Intellect Technology Pvt. Ltd.

Technology services company, Nashik, India

- Coordinated five interns across three concurrent projects, managing task allocation, daily standups, progress reviews and weekly delivery reviews.
- Prepared technical documentation, standard operating procedures (SOPs), onboarding materials and status reports adopted across the organisation.
- Managed project tracking in Jira and Trello and escalated blockers to leadership.

RESEARCH PUBLICATIONS

Co-author on the following publications in deep learning, applied AI, post-quantum cryptography, quantum-blockchain systems and AI governance, produced in collaboration with faculty at Sandip University, Chitkara University, Multimedia University Malaysia and affiliated institutions.

#	Title	Conference / Venue	Year	Status
1	Neural Compression Framework for Lossless Medical Image Transmission: Healthcare Data Protection and Legal Safeguards	*CITIC 2026, Multimedia University, Malaysia*	2026	Accepted
2	Spectral Convergence Analysis of Hierarchical Deep Learning Using Functional Approximation Theory	*ICETCI 2026, Nashik, India*	2026	Accepted
3	Explainable Cyber-Physical AI for Smart Grid Failure Prediction: Energy Law, Accountability, and Regulatory Alignment	*CITIC 2026, Multimedia University, Malaysia*	2026	Accepted
4	Self-Healing Edge Networks Using Reinforcement Learning: Legal Accountability and Autonomous System Governance	*CITIC 2026, Multimedia University, Malaysia*	2026	Accepted
5	The Qubit Shift: Unveiling Next-Generation Deep Learning with Quantum Computing	*IEEE ITT 2025, Dubai, UAE*	2025	Published
6	Cognitive Microservices for Adaptive Cloud Decision-Making: Regulatory Compliance and AI Liability Modelling	*CITIC 2026, Multimedia University, Malaysia*	2026	Accepted; Best Paper Award
7	A Meta-Governance Intelligence Framework for Sustainable Strategic Decision Ecosystems in AI-Augmented Enterprises	*CITIC 2026, Multimedia University, Malaysia*	2026	Accepted
8	Zero-Trust Post-Quantum Security Architecture for Industry 5.0: A Multi-Layer Framework with Compositional Security Guarantees	*CITIC 2026, Multimedia University, Malaysia*	2026	Accepted
9	Strategic Cyber Risk Governance in Post-Quantum Blockchain Infrastructures: A Law-Driven Management Model	*ISDA 2026, Morocco (Springer)*	2026	Accepted
10	Network Security Assessment and Vulnerability Analysis Using Nmap and Wireshark	*ADSSS 2025, Chitkara University, India*	2025	Accepted
11	Real-Time Quantum Key Distribution Protocol for Secure Blockchain Communication in Critical Infrastructure	*ADSSS 2025, Chitkara University, India*	2025	Accepted
12	Quantum Entanglement-Driven Consensus: A Novel Paradigm for Ultra-Fast and Secure Blockchain Protocols	*ADSSS 2025, Chitkara University, India*	2025	Accepted
13	A Post-Quantum Blockchain Framework Using Lattice-Based Cryptography for Securing Decentralised Financial Systems	*ADSSS 2025, Chitkara University, India*	2025	Accepted

PROJECTS

Academic Project

College Admission Predictor – Machine Learning

Technology Stack: Python, Flask, Scikit-learn, GitHub

- Developed a machine learning (ML) application in Python to predict college admission outcomes from applicant data.
- Performed data preprocessing, data cleaning and feature engineering to prepare the dataset for predictive modelling.
- Trained and evaluated a predictive model with Scikit-learn and deployed it in a Flask web application.
- Built data visualizations to present prediction results to end users.
- Achieved 85% model accuracy; maintained version control with Git and GitHub.

TECHNICAL SKILLS

Programming Languages	Python, C++, Java, SQL
AI & Machine Learning	Artificial Intelligence, Machine Learning, Deep Learning, Predictive Modelling, Data Preprocessing, Feature Engineering, Model Evaluation, Data Visualization
Libraries & Frameworks	Scikit-learn, Flask
Development Tools	Git, GitHub, Jira, Trello, Microsoft Excel (Advanced), Microsoft Office Suite
Research Skills	Literature Review, Research Methodology, Research Problem Formulation, Comparative Analysis, Academic Writing, Technical Documentation, Research Collaboration
Core Competencies	Data Analysis, Project Coordination, Team Collaboration, Technical Presentation, Problem Solving
Areas of Interest	Green AI, Energy-Efficient AI, Federated Learning, Privacy-Preserving Machine Learning, Intelligent Healthcare Systems, Edge Intelligence, Sustainable Computing, Responsible AI

Management & Analytics Operations management, project and strategic planning, KPI design and tracking, SOP development, business analytics, performance reporting, process improvement, stakeholder, vendor and partnership management, agile methodologies

Communication Written and verbal communication developed through student leadership, academic writing for international conferences and team coordination; comfortable presenting to diverse audiences.

CERTIFICATIONS

- EY AI Skills Passport – EY and Microsoft (2026)
- Becoming an Ethical Researcher – The Open University (2026)
- Artificial Intelligence and Human Rights – Council of Europe HELP (2026)
- Artificial Intelligence for Social Impact – Asian Development Bank Institute (2026)
- Operations Management Foundations – LinkedIn Learning (Apr 2026)
- Leadership Ethics & Business Ethics – LinkedIn Learning / Saylor Academy (Apr 2026)
- Lean Six Sigma White Belt – Management & Strategy Institute (Apr 2026)
- Agile Project Management – HP LIFE (Mar 2026)
- PM² Project Management Essentials – Interoperable Europe Academy, European Commission (Feb 2026)
- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional – Oracle (2025)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle (2025)
- Understanding Operations Management – The Open University
- Fundamentals of Artificial Intelligence

AWARDS & ACHIEVEMENTS

- **Best Paper Award** – CITIC 2026, Multimedia University, Malaysia, for *"Cognitive Microservices for Adaptive Cloud Decision-Making: Regulatory Compliance and AI Liability Modelling"*
- **Top 40 Teams among 600+ Participating Teams** – SUNHACKS 2K25 GenAI Hackathon, Sandip University
- **Third Place** – Tech Udaan Minithon, Sandip University, March 2025 (innovation & usability category)
- **Sixth Place** – INNOVO'25 Hackathon

PROFESSIONAL MEMBERSHIPS

IEEE Student Member – IEEE Maharashtra Section

LEADERSHIP & ACTIVITIES

May 2025 – Oct 2026 **President** – Action for Collective Transformation (ACT) Club, Sandip University

- Led a 489-member student club focused on community engagement, career development and awareness programming.
- Organised three flagship campus events with more than 750 cumulative attendees in partnership with the Office of Student Welfare: a cybersecurity awareness talk by a domain expert (200+ attendees), a "Profile to Profession" workshop on digital presence and LinkedIn strategy (400+ attendees) and a seminar on generative AI applications for students (150+ attendees).

May 2024 – May 2025 **Vice President** – Trekking Club, Sandip University

- Planned and coordinated two large-scale treks involving 640 cumulative participants from an 8,000-student campus.
- Managed logistics, safety planning, vendor coordination, participant communication and on-ground team leadership.

Mar 2025 **Team Lead** – Tech Udaan Hackathon

- Led a four-member team to third place among campus finalists; recognised for product innovation and usability.
